Tugas Mata Kuliah PBO, Semester 1 - UAS

PRESENSI - MUDAH

Oleh -

Nama : ARIF KURNIAWAN

Prodi : Teknologi Informasi

Website dibuat dengan Editor VSCode.

Untuk Database menggunakan MySQL.

Selain itu PHP, JQuery/Ajax, Javascript, HTML, CSS.

Cara Pemasangan / Instalasi

- import master skema db di folder "db", filename "pbo_presensi.sql"
- Setting Koneksi ke database sesuai user dan dbname di folder "db", filename "koneksi.php"
- Selanjutnya lakukan prosedur kebutuhan biasa untuk menjalankan php website di folder www

Requirement :

UAS MEMBUAT WEBSITE :

- 1 Buah Website
- Minimal ada 1 form.
- Website harus ada Proses CRUD (Create Read Update Delete)
- Proses CRUD secure OOP
- Tema Website (1 Kata Benda + 1 Kata Kerja / kata sifat)

Penilaian Berdasarkan / Goals :

- Ide / Tema .

Tema Presensi Mudah.

Adalah website dimana tempat menunjukkan kehadiran ataupun eksistensi dengan super mudah.

- Fungsi Crud & OOP

Fungsi CRUD & OOP Untuk CRUD, pada presensi hanya mode Create (Add) dan Read (Listing). Mode lengkap CRUP ada pada notes, yaitu Create (Add), Read (Listing dari DB), Update (Edit Notes yang ada) dan Delete (Hapus pada tombol bulat merah).

Untuk OOP, berapa pada fungsi database operation, pada file "fungsiPresensi.php" dan "fungsiNote.php"

- Design / Tampilan kesesuaian Dengan Ide/Tema.

kesesuaian dengan ide / tema Konsep adalah untuk menunjukkan kehadiran dengan klik Kalender, kemudian klik "Presensi Mudah +", kemudian isi sesuai data.

Selain itu, ada juga notes, dimana untuk menunjukkan eksistensi dengan mungkin mengisi notes

ataupun status dan mood anda.

Dari segi tampilan, menggunakan full responsive template dengan javascript, Ajax/JQuery, dan Html.

Dimana setelah action (Add, Edit/Update, Delete, Read) sudah tidak memerlukan reload/refresh halaman.

DEMO SHOW

The screenshot shows a web-based application for managing attendance. At the top, there's a navigation bar with tabs for 'localhost / localhost / pbo_presensi' and 'Presensi Mudah!'. The main content area features a calendar for January 2023. A large blue circle highlights the date '23 January'. On the left sidebar, there's a button to 'ADD PRESENSI' and a note: 'YEAH! Today is your day'. Below the calendar, there's a section for 'ADD NEW NOTE' with a yellow card containing a 'Save' button and a placeholder 'Enter note title'. At the bottom, there are links for 'About', 'Source Code', and 'Presensi Notes'.

YEAH! Today is your day

Presensi Notes

The screenshot shows a web-based application for managing attendance. At the top, there are two tabs: 'localhost / localhost / pbo_presensi' and 'Presensi Mudah!'. The main content area displays a calendar for January 2023. A modal window is open for January 23rd, showing fields for 'Nama' (Name), 'Notes', and 'Hadir' (Attendance status). Below the calendar, there's a section for 'ADD NEW NOTE' with a yellow card asking to 'Enter note title' and a green card showing details for a note by Inan. At the bottom, there are links for 'About', 'Source Code', 'Presensi Mudah' (with author information), and 'Notes'.

YEAH! • Today is your day

Presensi Mudah
by Arif Kurniawan (TI - 1002220036)

Presensi +
Notes +

The screenshot shows a web application interface for managing student attendance. At the top, there is a circular grid of numbered circles (22 to 31) representing student positions. Below the grid, there is a button labeled "ADD NEW NOTE +".

Below the "ADD NEW NOTE" button, there is a list of five notes, each with a red "X" icon in the top right corner:

- Note 1:** Date: 2023-01-23 07:08:13, Status: Inan (red background). Content: "Hari ini saya galau banget gaes!"
- Note 2:** Date: 2023-01-22 14:50:30, Status: Fatchay (green background). Content: "Tugas PBO - PHP Goes, Semangat!"
- Note 3:** Date: 2023-01-15 16:42:21, Status: Admin (pink background). Content: "Expresikan Kehadiranmu dengan mengisi disini!"
- Note 4:** Date: 2023-01-15 16:36:41, Status: Hola! (yellow background). Content: "Silahkan isi status ataupun mood kamu disini! Automatic Tanpa Refresh/Reload"

At the bottom of the page, there are navigation links: "About", "Source Code", "Presensi Mudah" (with author information), and "Presensi Notes".
